

# EIM Taiwan

**National Center Director**  
Li-Luan Chu

**Affiliation**  
New Taipei City Government

## Host Institution – New Taipei City Government

The New Taipei City Government will serve as the host institution for the EIM New Taipei City Center. Located in northwest Taiwan, New Taipei City includes 29 districts with a population of 3.97 million

residents, which makes the city home to almost one-sixth of Taiwan's population. New Taipei City is dedicated to creating and improving its physical and social environments addressing all aspects of health and living conditions. With this in mind, the New Taipei City government is promoting the "Fit for Age" initiative and continually working in collaboration across public, private, voluntary and community organizations. The ultimate goal of the "Fit for Age" initiative is to empower people to live and maintain a healthy lifestyle and thus fulfill the vision of becoming a sustainable healthy city.

## National Center Advisory Board

## 2017 Goals

- Increase the number of physicians and healthcare providers that have received EIM training and are actively engaged in the assessment, prescription and counseling of physical activity in healthcare systems.
- Increase the number of health and fitness professionals that have received EIM training and/or are certified by the EIM New Taipei City Center and are actively engaged in providing guidance to individuals based on the core EIM principles.
- Integrate physical activity as a vital sign and implement principles of EIM into hospitals and healthcare systems throughout New Taipei City.
- Increase the exposure of EIM to University and other educational campuses through the expansion of the EIM on Campus initiative.
