Host Institution – Physical Fitness Association of Hong Kong

The Physical Fitness Association of Hong Kong is a non-profit national sports association, which was established in 1986. The Association is recognized by the Hong Kong government and the Sports Federation and Olympic Committee of Hong Kong and is committed to professional development of physical fitness in Hong Kong. The vision of the Physical Fitness Association of Hong Kong is to establish physical fitness as a professional industry to better enable our professionals to create a healthy life for the public and a harmonious community atmosphere.

2022 Goals

- To advance all aspects of the EIM Hong Kong project currently being funded by the Jockey Club including:
 1. Involving more doctors with the support from Health Authority, and through them, referral of patients with HTN or DM;
 2. Continuously launching exercise trainings to patients through online platform;
 3. To involve more allied health professionals;
 4. To develop a more integrated and advanced website with abundant resources, as well as mobile apps, activity trackers and e-learning platform to facilitate the promotion.
 - To involve more colleges/universities to participate in the EIM On Campus program through sharing of successful cases and inviting interested parties to experience the EIM activities on campus
-

Accomplishments to Date

- Officially established the EIM Hong Kong National Center at the Hong Kong Health Expo (2016)
 - Launched the EIM Hong Kong website (2016)
 - Marketing materials sent out to health and fitness organizations throughout the country
 - Secured representation on advisory board from all major universities and several major health professional organizations in Hong Kong
 - Trained more than 1730 healthcare providers and 41000 exercise professionals
 - Established EIM On Campus on the three largest universities in Hong Kong (University of Hong Kong, Chinese University of Hong Kong, Hong Kong Polytechnic University)
 - Received a large, 5-year grant from the Hong Kong Jockey Club to expand EIM efforts in the East New Territories (2019). The project includes the Hospital Authority and the Leisure and Cultural Services Department, and involves collaborators Leisure and Cultural Services Department, Physical Fitness Association of HK, and the CUHK Department of Computer Sciences
 - As part of the project, a new website, mobile App, activity trackers and e-learning platform are being developed.
 - Pilot project established a network between public doctors in one health cluster in HK.
 - Doctors in the region referred hundreds of patients with diabetes and/or hypertension to a network of EIM-trained fitness instructors for exercise training.
 - During COVID-19 (2020-22), exercise training programs were conducted virtually by the exercise professionals.
 - Expanded EIM On Campus to four major universities in Hong Kong (University of Hong Kong, City University of Hong Kong, Hong Kong Polytechnic University, Hong Kong Metropolitan University)
-
