Affiliation

Zaskoczeni Wiekiem (Surprised by Age)

An NGO where medicine meets sports – a matching of two crucial fields of knowledge that, when working together hand-in-hand, can cure even the most serious illnesses

Host Institution – Medical University of Warsaw

The *Medical University of Warsaw* is one of the oldest medical schools in Poland. For over 200 years it has provided education and training in medicine and pharmacy at undergraduate and postgraduate levels. The academic staff at the Medical University of Warsaw have gained national and international reputations for their contributions to the science and practice of medicine.

2023 Goals

- To partner with the Academy of Physical Education in Warsaw to host the 2023 EIM Poland annual congress
 - To promote the idea of sports medicine for health among physicians, local and national government representatives, fitness trainers, and the general society through co-operation with academic institutions, businesses, and media
 - To begin a project called “Active Family” with the Ministry of Sports
 - To conduct a greater number of workshops for exercise professionals and seniors
 - To host more community events, such as walks for health
 - Increase cooperation with the National Healthcare System
-

Accomplishments to Date

- Officially joined the EIM Global Health Network in June 2017
 - Trained >450 health and exercise professionals in 2018 and 2019
 - Developed series of videos called ‘8 Weeks to Health’ with the National Health Fund to increase their physical activity levels (2020-21), viewed >250,000 times to date
 - In 2022, this series was made available to >40 million individuals in Poland through an app on their phones and through Academia NFZ social media
